Kristy O'Hare, Broomfield PD Monty Heffner, Broomfield PD

Jeff Streeter, Jeffcom Michael Brewer, Jeffcom Kevin Garcia, Jeffcom Kimberly Kulp, LETA

Director Fletcher called the meeting to order. It was mentioned that JCSO Undersheriff Scott Eddy was appointed at the Alternate for Director Kraft-Tharp by the Board of County Commissioners.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the Minutes of December 22, 2022.

TREASURER'S REPORT

Amanda Castle, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 12/31/22 (copy attached). Ms. Castle reviewed the Statement of Revenues & Expenditures with Budgets on page two advising that the year ended strong with total revenues just over \$14.4M . This was slightly under projections, but they did see cost savings in expenses which came in at just over \$14.2M which brought revenues over expenditures of \$207,654 leaving and ending fund balance just at \$6M. She said that will then roll into the 2023 year to offset expenses. Ms. Castle then reviewed the detail on page three of the report mentioning that we saw cost savings in the Administration line items and in other areas such as Line Charges and Special Projects.

The Board upon motion of Director Prejzner and duly seconded by Director Clement and by unanimous vote, approved the Treasurer's Report.

Ms. Castle then reviewed the Cash Encumbrance report (copy attached). She advised the report shows that cash for the year ended at just under \$5.5M.

Mr. Irvin presented the 2022 audit engagement letter from Hinkle & Company and received permission to execute the letter to start the audit process (copy attached).

Mr. Irvin then presented the 2023 base AOF distributions worksheet (copy attached).

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for January 2023 (copy attached).

The Board upon motion of Director Prejzner, duly seconded by Director Kraft-Tharp, and by unanimous vote, <u>approved</u> the January 2023 expenditure requests in the amount of \$1,109,482.42.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- **Broomfield ECC** Ms. O'Hayre reported they are ramping up on projects. Mr. Heffner is involved in the refresh and replacement of radio equipment in the backup center. They, along with the Westminster ECC, are preparing to install the automatic abandoned call back software system. She advised she is excited to report that they are looking to be fully staffed after interviews next week.
- Jeffcom ECC Mr. Brewer advised that, just yesterday, they completed a supervisor process and will be promoting some ECS to supervisors in the coming weeks. They have had some good response to their non-emergency CS (Communication Specialist) posting. They are finding that once they get the CS applicants in it creates a pool of people interested in the ECS (Emergency Communication Specialist) position. They are excited about the progress of AWS cloud technology projects they have been working on as well as the RAVE Aware and App Armor products. Mr. Garcia conducted a demonstration of the App Armor implementation.
- Westminster ECC no report.

EXECUTIVE DIRECTOR'S REPORT

Mr. Irvin advised:

- Lookout Alert at the December meeting we reported 161,730 opt-in registrants, as of this morning we were at 162,508, an increase of 778 registrants.
- NENA 2023 Standards and Best Practices Conference Mr. Irvin attended and found it helpful especially regarding the nationwide implementation of the 988 Suicide and Crisis Lifeline. There was a lot of constructive discussion with regard to how 911 and 988 will interoperate.

LEGAL COUNSEL REPORT

Mr. Tharp discussed the following matters:

- FCC Location Based Routing NOPR we ae scheduling a meeting with the ECC representatives to discuss what comments we will submit.
- State Bills several are in process that Mr. Tharp and Mr. Irvin are monitoring. Currently, it does not appear that JCECA needs to take a stance either for or against an of these bills.
- ECaTS Tariff Lumen has pulled back the tariff filing and participants in the CO PUC 911 Advisory Task Force have been continuing discussions with Lumen to further understand and refine the tariff offering. Our position hasn't fundamentally changed. We want the additional ECaTS modules to be added and we want to verify they aren't overcharging us.

NEW BUSINESS

Meeting Notices - Mr. Irvin confirmed that JCECA meeting notices will be continue to be posted to the public website (https://jceca.org/) and on the bulletin board outside the Commissioners Hearing Room at the Jefferson County Courts and Admin Building, 100 Jefferson County Parkway, Golden, CO.

ETC Rate - Mr. Irvin confirmed that the Emergency Telephone Charge will continue to be \$1.30 per subscriber line per month in 2023.

Officers - the board appointed the following officers for 2023:

Chairperson: Director Fletcher Vice Chairperson: Director Kulp Treasurer: Director Prejzner

EXECUTIVE SESSION

There was no executive session.

<u>ADJOURNMENT</u>

The Board upon motion of Director Fletcher, duly seconded by Director Clement, unanimously voted to adjourn the meeting.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2021 and December 31, 2022. We have also prepared the accompanying 2023 adopted budgets of revenues, expenditures and funds available prepared on the modified accrual basis.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

Board of Directors
Jefferson County Emergency Communications Authority
433 S. Allison Parkway, Mailstop JCECA
Lakewood, Colorado 80226-3133

We are pleased to confirm our understanding of the services we are to provide to the Jefferson County Emergency Communications Authority (the Authority). We will audit the financial statements and the related notes to the financial statements, which collectively comprise the basic financial statements of the Authority as of December 31, 2022.

Accounting principles generally accepted in the United States of America require that supplementary information (RSI), such as management's discussion and analysis (MD&A). Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information (RSI) in accordance with auditing standards generally accepted in the United States of These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by accounting principles generally accepted in the United States of America. This RSI will be subjected to certain limited procedures but will not be audited:

Management's Discussions and Analysis

Audit of the Financial Statements

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we will request written representations from your attorneys, and they may bill you for responding. At the conclusion of our audit, we will also request certain written representations from you about the financial statements and related matters.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements or noncompliance (whether caused by errors, fraudulent financial reporting, misappropriation of assets, detected abuse, or violations of laws or governmental regulations) may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS and Government Auditing Standards of the Comptroller General of the United States of America and, if applicable, in accordance with any state or regulatory audit requirements. Please note that the determination of abuse is subjective and Government Auditing Standards does not require auditors to detect abuse.

In making our risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit. Our responsibility as auditors is, of course, limited to the period covered by our audit and does not extend to any other periods.

We will issue a written report upon completion of our audit of the Authority's basic financial statements. Our report will be addressed to the governing body of the Authority. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

Management Responsibilities

Our audit will be conducted on the basis that management acknowledge and understand that they have responsibility:

- 1. For the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America;
- 2. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
- 3. For maintaining records that adequately identify the source and application of funds for federally funded activities;

- 4. For identifying and providing report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented;
- 5. For addressing the findings and recommendations of auditors, for establishing and maintaining a process to track the status of such findings and recommendations and taking corrective action on reported audit findings from prior periods and preparing a summary schedule of prior audit findings;
- 6. For making the auditor aware of any significant contractor relationships where the contractor is responsible for program compliance;
- 7. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, and relevant to federal award programs, such as records, documentation, and other matters;
 - Additional information that we may request from management for the purpose of the audit;
 and
 - Unrestricted access to persons within the entity from whom we determine it necessary to obtain audit evidence.
- 8. For adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole:
- 9. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- 10. For taking reasonable measures to safeguard protected personally identifiable and other sensitive information; and
- 11. For confirming your understanding of your responsibilities as defined in this letter to us in your management representation letter.

As part of our audit process, we will request from management, written confirmation concerning representations made to us in connection with the audit.

We understand that your employees will prepare all confirmations we request and will locate any documents or invoices selected by us for testing.

If you intend to publish or otherwise reproduce the financial statements and refer to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Fees and Timing

Jim Hinkle is the engagement partner for the audit services specified in this letter. His responsibilities include supervising the auditing services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the audit report.

Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses. Invoices will be rendered every two weeks and are payable upon presentation. We estimate that our fee for the audit will be \$6,650. We will notify you immediately of any circumstances we encounter that could significantly affect this initial fee estimate. Whenever possible, we will attempt to use the Authority's personnel to assist in the preparation of schedules and analyses of accounts. This effort could substantially reduce our time requirements and facilitate the timely conclusion of the audit.

Other Matters

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications. The audit documentation for this engagement is the property of Hinkle & Company, PC and constitutes confidential information. However, we may be requested to make certain audit documentation available to state and federal agencies and the U.S. Government Accountability Office pursuant to Authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Hinkle & Company, PC's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to these agencies and regulators. The regulators and agencies may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies. We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

Further, we will be available during the year to consult with you on financial management and accounting matters of a routine nature.

With respect to any nonattest services we perform, the Authority's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

During the course of the audit, we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

We agree to retain our audit documentation or work papers for a period of at least five years from the date of our report.

You agree to inform us of facts that may affect the financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

At the conclusion of our audit engagement, we will communicate to the Board of Supervisors, the following significant findings from the audit:

- Our view about the qualitative aspects of the entity's significant accounting practices;
- Significant difficulties, if any, encountered during the audit;

- Uncorrected misstatements, other than those we believe are trivial, if any;
- Disagreements with management, if any;
- Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;
- Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- Representations we requested from management;
- Management's consultations with other accountants, if any; and
- Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

Please sign and return the attached copy of this letter to indicate your acknowledgment of, and agreement with, the arrangements for our audit of the financial statement's compliance over major federal award programs including our respective responsibilities.

In accordance with the requirements of *Government Auditing Standards*, we have attached a copy of our latest external peer review report of our firm for your consideration and files.

We appreciate the opportunity to be your financial statement auditors and look forward to working with you and your staff.

Report on the Firm's System of Quality Control

April 29, 2020

To the Members of Hinkle & Company, PC and the Peer Review Committee of the OSCPA

We have reviewed the system of quality control for the accounting and auditing practice of Hinkle & Company, PC (the firm) in effect for the year ended September 30, 2019. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including a compliance audit under the Single Audit Act.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

To the Members of Hinkle & Company, PC and the Peer Review Committee of the OSCPA Page 2

Opinion

In our opinion the system of quality control for the accounting and auditing practice Hinkle & Company, PC in effect for the year ended September 30, 2019 has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of pass, pass with deficiency(ies), or fail. Hinkle & Company, PC has received a peer review rating of pass.

Dear James Hinkle:

It is my pleasure to notify you that on July 22, 2020, the Oklahoma Peer Review Committee accepted the report on the most recent System Review of your firm. The due date for your next review is March 31, 2023. This is the date by which all review documents should be completed and submitted to the administering entity. Since your due date falls between January and April, you can arrange to have your review a few months earlier to avoid having a review during tax season.

As you know, the report had a peer review rating of pass. The Committee asked me to convey its congratulations to the firm.

Thank you for your cooperation.

Sincerely,

OSCPA Peer Review Committee

Kristy O'Hare, Broomfield PD

Jeff Streeter, Jeffcom Michael Brewer, Jeffcom Kevin Biegert, Jeffcom Kinde Yetemegn, Jeffcom

Lara Mitchell, Westminster Police and Fire Communications

Director Fletcher called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Mike Clement and by unanimous vote, approved the Minutes of January 26, 2023.

TREASURER'S REPORT

Amanda Castle, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 01/31/23 (copy attached). Ms. Castle reviewed the Statement of Revenues & Expenditures with Budgets on page two advising that the year to date revenues are looking really strong for the Authority. They anticipated expenses are trending right on budget. In total we've got an ending fund balance of just over \$5.6M which is great.

The Board upon motion of Director Kulp and duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the Treasurer's Report.

Ms. Castle then reviewed the Cash Encumbrance report (copy attached). She advised that at year end we have about \$4.7M. She anticipates that will decrease although with the increase in revenues that we're seeing it may actually come in closer to where we are at the beginning. One of the things that we did in 2023 was increase the AOF's. Based on the increased revenues we're seeing that will help to offset those increases which will help with our cash balance. The Board upon motion of Director Clement and duly seconded by Director Kraft-Tharp and by unanimous vote, approved the Cash Encumbrance Report.

Mr. Irvin mentioned that the 2022 audit fieldwork is scheduled to begin the week of March 10. He also advised that he responded to a request from the Department of Regulatory Affairs (DORA) for 2022 data regarding Verizon remittances for an audit they are conducting. JCECA has not seen anomalies in these remittances though several years ago it was determined that Verizon had under remitted and, when this was brought to their attention, resolved the matter.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for February 2023 (copy attached).

The Board upon motion of Director Kulp, duly seconded by Director Kraft-Tharp, and by unanimous vote, <u>approved</u> the February 2023 expenditure requests in the amount of \$1,178,535.71.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- Broomfield ECC Ms. O'Hayre thanked the board for approving the Arctic Wolf
 cybersecurity request and is looking forward to getting that project completed. She
 mentioned that they have several applicants in the process to increase their staff. They
 do their budget cycle earlier than most, so they are working on budget matters.
- **Jeffcom ECC** Mr. Biegert advised they are looking forward participating in a fire tabletop exercise with Broomfield. The Incident Dispatch Team (IDT) will be a part of that. They are seeing an increased number of applicants. They may soon be as close to fully staffed as they have ever been. Mr. Streeter advised that earlier in February they received notification from the National Telecommunications Information Administration (NTIA) that Mr. Alan Davidson, NTIA Assistant Secretary of Commerce for Communications and Information would be visiting Colorado. Jeffcom was selected to meet with him to review the many technological advancements they have implemented and have planned. They were able to spend time with him and the head of the NTIA policy office talking about what they'd like to see happen as it relates to NG911 going forward. Mr. Streeter then discussed changes in staff and Jeffcom board membership.
- **Westminster ECC** Ms. Mitchell advised they, too, are seeing an uptick in applicants and seeing some promising candidates. They are working on implementing the automatic abandoned callback solution that Jeffcom has been testing.

EXECUTIVE DIRECTOR'S REPORT

Mr. Irvin advised:

• **Lookout Alert** – at the January meeting we reported 162,508 opt-in registrants, as of this morning we were at 163,076, an increase of 568 registrants. At the request of the ECC's and JCSO Mr. Irvin has placed an order for additional materials for use in upcoming public events to promote registration.

LEGAL COUNSEL REPORT

Mr. Tharp discussed the following matters:

- FCC Location Based Routing NOPR we filed comments in support of the proposed rules with the FCC after working with the ECC's and some other Authorities. He discussed the benefits of the rules that will provide for more accurate call routing by using information supplied by phone regarding location and requiring that calls be delivered in IP format.
- **ECaTS Tariff** Mr. Tharp advised that it looks like the tariff will be filed and has a good chance of being approved thanks to the work of the many stakeholders. A comparison of the price that various agencies are currently paying for ECaTS services with what they will pay under the proposed tariff demonstrated that in every instance they have looked at so far, the tariff presents a decrease in price.

NEW BUSINESS

Meeting Notices - Mr. Irvin advised that the County has discontinued the practice of posting meeting notices on the bulletin board outside the Commissioner's hearing room in the Courts and Admin building. They are now posting them on the County website at: https://www.jeffco.us/4528/Past-Meeting-Videos-and-Documents.

Director Fletcher mentioned that he will not be able to attend the March 23 meeting and confirmed that Director Kulp will be in attendance to conduct the meeting.

EXECUTIVE SESSION

There was no executive session.

ADJOURNMENT

The Board upon motion of Director Fletcher, duly seconded by Director Kraft-Tharp, unanimously voted to adjourn the meeting.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and January 31, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. MINUTES OF THE JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY MARCH 23, 2023

The Jefferson County Emergency Communications Authority ("JCECA") Board of Directors met via a virtual Google Meet.

Present: Director Mike Clement

Director Mike Kulp

Director Tracy Kraft-Tharp

Excused: Director Alan Fletcher

Director John Prejzner

Also, Present: Jeff Irvin, JCECA Executive Director

Maylee Baraza, Jefferson County Clerk to the Board Amanda Castle, Pinnacle Consulting Group, Inc.

Monty Heffner, Broomfield PD

Jeff Streeter, Jeffcom

Lara Mitchell, Westminster Police and Fire Communications

Director Kulp called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Kraft-Tharp, duly seconded by Director Clement and by unanimous vote, <u>approved</u> the Minutes of February 23, 2023.

TREASURER'S REPORT

Amanda Castle, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 02/28/23 (copy attached). Ms. Castle reviewed the Statement of Revenues & Expenditures with Budgets on page two advising that the year-to-date revenues are just over \$2.6M trending higher than they would anticipate. They've seen increases in the PUC revenues as well as the 9-1-1 fee revenue. This early in the year she doesn't want to adjust projections too much and would rather get some trends going to see what happens. The next couple of months will give us the trends and they will be able to analyze where those revenues will come in. She further advised that when they look at total expenditures, they are trending under budget at almost \$2.8M. The largest portion of the expenditures are the monthly payments into the AOFs for the ECCs. Ms. Castle then reviewed the detail presented on page three commenting on total expenses that are trending well within budget. Ms. Castle then reviewed the Case Encumbrance Report (copy attached).

The Board upon motion of Director Clement and duly seconded by Director Kraft-Tharp and by unanimous vote, approved the Treasurer's Report.

Mr. Irvin mentioned that he will be reaching out to the ECC's the second week of April to begin discussion regarding the 2024 budget and projection of future costs the ECC's may incur due to

increased staffing, payroll costs and capital infrastructure needs.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for March 2023 (copy attached).

The Board upon motion of Director Clement, duly seconded by Director Kraft-Tharp, and by unanimous vote, <u>approved</u> the March 2023 expenditure requests in the amount of \$1,409,312.78.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- **Broomfield ECC** Mr. Heffner advised they just had two new employees start yesterday getting them almost up to fully staffed. They are getting ready to post a job announcement for the additional three positions they have open. They attended a St Patrick's, day luncheon at the senior center where they contacted about 170 citizens and passed out Lookout Alert information cards. They surveyed those contacted and it appeared 50-60% were already registered to receive alerts and had established Smart911 profiles. Additionally, they had a couple of laptops set up to assist people with registration. It was a very successful event with many citizen contacts.
- **Jeffcom ECC** Mr. Streeter advised that, much as Broomfield, their staffing numbers are going up. They're seeing an enormous increase in applicants. They have an academy of fifteen starting Monday. They are very excited as this will bring their total up to 114 ECS (emergency communication specialists). They are authorized 118 ECS. On the heels of this academy starting March 27, they are in the hiring process for a May 15 academy. The IDT Vehicle will be participating in a tabletop exercise with Broomfield on April 12 with a backup date of April 19 in the event of inclement weather. This will be a large-scale fire event with multiple agencies participating. April 4 Jeffcom celebrates five years of operation. They will be doing RFPs for operational, cultural and IT reviews.
- Westminster ECC Ms. Mitchell advised that their staffing is also improving. They have
 two in training, four nearing the end of their background process and another three that
 just went through oral boards and look very promising. They, too, are quickly reaching
 their authorized staffing. They launched the automated abandoned call-back solution
 with Broomfield last week. There were some initial issues, so they are back in test mode.
 They are also looking into acquiring the ASAP to PSAP solution. In Spring 2024 they will
 be changing to the FRCC radio system.

EXECUTIVE DIRECTOR'S REPORT

Mr. Irvin advised:

• **Lookout Alert** – last month we reported 163,076 registrants. This month we are at 163,419, an increase of 343 registrants. Mr. Irvin attended a FEMA Alert and Warning workshop and discussed various initiatives he learned of that agencies across the nation are undertaking to promote registration for alerting systems.

NEW BUSINESS

Meeting Notices - Mr. Irvin advised that he and Director Kulp had discussed JCECA participation in funding for National Public Safety Telecommunicator week (NPSTC) expenses for the ECC's. There was a discussion and the board authorized Mr. Irvin to discuss it with the ECC's and provide reasonable assistance.

The Board upon motion of Director Kraft-Tharp, duly seconded by Director Clement, and by unanimous vote, authorized Mr. Irvin to reimburse ECCs for reasonable NPSTC expenses.

EXECUTIVE SESSION

There was no executive session.

<u>ADJOURNMENT</u>

The Board upon motion of Director Kulp, duly seconded by Director Kraft-Tharp, unanimously voted to adjourn the meeting.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and February 28, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

MINUTES OF THE JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY APRIL 27, 2023

The Jefferson County Emergency Communications Authority ("JCECA") Board of Directors met via a virtual Google Meet.

Present: Director Alan Fletcher

Director Mike Clement Director Mike Kulp

Scott Eddy Alternate for Director Tracy-Kraft Tharp

Excused: Director Tracy Kraft-Tharp

Also, Present: Jeff Irvin, JCECA Executive Director

Maylee Baraza, Jefferson County Clerk to the Board Tracie Kaminski, Pinnacle Consulting Group, Inc.

Kristv O'Havre, Broomfield PD

Jeff Streeter, Jeffcom Mike Brewer, Jeffcom

Lara Mitchell, Westminster Police and Fire Communications

Director Fletcher called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Kulp, duly seconded by Director Clement and by unanimous vote, approved the Minutes of March 23, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 03/31/23 (copy attached). Ms. Kaminski reviewed the Statement of Revenues & Expenditures with Budgets on page two advising that as of March 31st we recognized \$3,820,936 in revenue offsetting expenditures of \$4,427,954. We are seeing an increasing revenue trend for prepaid and PUC trust reimbursements, so the projections have been adjusted slightly to account for those increases. We are also seeing some cost savings in the administrative categories. This leaves us with an ending fund balance as of March 31st of just under \$5M.

The Board upon motion of Director Clement and duly seconded by Director Prejzner and by unanimous vote, <u>approved</u> the Treasurer's Report.

Ms. Kaminski then reviewed the Case Encumbrance Report (copy attached). She mentioned that she and Mr. Irvin received and reviewed a draft of the 2022 audit and will be responding to the auditor with comments. As a result of the 2024 budget discussion held earlier this month with the ECCs she has received the salary numbers and will get an updated proforma out to the group once they have updated expense figures from Mr. Irvin.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for April 2023 (copy attached).

The Board upon motion of Director Fletcher, duly seconded by Director Kulp, and by unanimous vote, approved the March 2023 expenditure requests in the amount of \$1,263,530.81.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- Broomfield ECC Ms. O'Hayre advised they are working on two software deployment projects: the Arctic Wolf Cyber Security and the automated abandoned callback (AAC) solution. She thanked the board for the reimbursement for National Public Safety Telecommunicator Week (NPSTW) expenses. They are focusing on summer scheduling and amping up recruiting and hiring.
- **Jeffcom ECC** Mr. Streeter also thanked the board for reimbursement of NPSTW expenses and expressed appreciation for the support provided by JCECA. He advised that the Incident Dispatch Team (IDT) vehicle responded to the Hogback Fire on March 31st in support of West Metro Fire and many other agencies. It worked well and they had a lot of positive feedback. The IDT vehicle participated in an exercise with Broomfield and various other agencies on April 12. On April 15 the IDT vehicle participated in a large exercise with Genesee Fire and several mountain fire agencies. At the Jeffcom board meeting last week Mr. Streeter approached the board on over hires. They will soon be fully staffed. The academy that will start on May 15 will lead them into the over hire capacity. They are now working on a plan and philosophy to set the number of over hires.
- Westminster ECC Ms. Mitchell also thanked the board for reimbursement of NPSTW expenses and expressed appreciation for the support provided by JCECA. They, too, are working on the Arctic Wolf and AAC deployments alongside Broomfield. She further advised:
 - They are fully staffed "on paper"
 - o Currently one (dispatcher) down and have three that look very promising.
 - Will have several trainees for the next eight or so months.
 - They have also been authorized to over hire.

EXECUTIVE DIRECTOR'S REPORT

Mr. Irvin advised:

• **Lookout Alert** – last month we reported 163,419 registrants. This month we are at 166,639, an increase of 3,220 registrants. The increase likely was largely due to the efforts of Broomfield PD staff at a seniors' luncheon they attended last month.

• **Director Fletcher Retirement** – Mr. Irvin mentioned Director Fletcher's pending retirement from Fairmount FPD. Director Fletcher advised that 05/12 will be his last day. He is willing to serve out the remainder of his term that ends on 09/30/23. There were no objections.

LEGAL COUNSEL REPORT

Mr. Tharp advised:

CenturyLink – the tariff has been through the PUC process and has been approved. This means ECaTS will soon be in the process of rolling out their services to ECC's statewide.

State Legislature: two bills are under consideration: Misuse of 9-1-1 bill and a bill that would establish a statewide 9-1-1 board under the PUC's authority to use part of the statewide surcharge to fund statewide projects. Uncertain if either bill will be approved.

NEW BUSINESS

Mr. Irvin and Mr. Tharp discussed how retention of the services of a lobbyist would benefit JCECA. The board authorized them to seek proposals for consideration and to see if the Adams and Arapahoe 9-1-1 authorities would be willing to share in the costs.

EXECUTIVE SESSION

There was no executive session.

ADJOURNMENT

The meeting was adjourned by Director Fletcher.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and March 31, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Kraft-Tharp, duly seconded by Director Prejzner and by unanimous vote, approved the Minutes of April 27, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 04/30/23 (copy attached). Ms. Kaminski reviewed the Statement of Revenues & Expenditures with Budgets on page two advising we have recognized just under \$4.9M in revenue through April 30th and have total expenditures of just over \$5.6M. She further advised that they have adjusted their projections as the prepaid and PUC trust revenues are coming in slightly over budget with the ETC revenue coming in just under budget. We are also seeing some cost savings. This leaves an ending fund balance of for April 30th at \$4,802,541. just under \$5M.

The Board upon motion of Director Kraft-Tharp and duly seconded by Director Prejzner and by unanimous vote, <u>approved</u> the Treasurer's Report.

Ms. Kaminski then reviewed the Cash Encumbrance Report (copy attached). The report projects a fund balance at the end of 2023 at just over \$2.6M.

She mentioned the final MD&A (management discussion and analysis) was presented to the auditors and we expect a representative of Hinkle & Company will present the audit report at the meeting in July.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for May 2023 (copy attached).

The Board upon motion of Director Prejzner, duly seconded by Director Kraft-Tharp, and by unanimous vote, <u>approved</u> the May 2023 expenditure requests in the amount of \$1,118,341.59.

Mr. Irvin presented a request received from the City of Westminster for matching funds to support the replacement of radio consoles. A portion will be needed in 2023 and the remainder in 2024 per the table in the request (copy attached). After comments by Mr. Martinez, City of Westminster Technical Services Coordinator, and discussion by the board, the board indicated they would support this special project request.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- **Broomfield ECC** Ms. O'Hayre discussed how their ECC has been impacted by a ransomware attack directed at ADCOM (Adams County Communications Center). She further advised that they have a lot of trainees working through and they are still doing some hiring processes. They stood up their automatic abandoned callback solution and it is working well.
- **Jeffcom ECC** Mr. Streeter advised that they are fully staffed right now. Next month they will be attending the Central Square Engage conference where they will receive national recognition for innovation. Additionally, APCO International will be putting out a press release announcing that they will receive a leadership award at their 2023 conference recognizing them nationally.
- **Westminster ECC** Ms. Mitchell congratulated Mr. Streeter. She advised they have seven in training so they are "seeing the light at the end of the tunnel".

EXECUTIVE DIRECTOR'S REPORT

Mr. Irvin advised that the JFON build is progressing with the "rip and replace" along Kipling Street due to be completed soon which will provide a larger 144 strand cable to provide greater bandwidth between the SRBC and Jeffcom911. He expects that the north loop created as part of the JeffcoNet collaboration with Jeffco Schools will be completed providing much greater diversity and the possibility of eliminating current leased line costs.

Mr. Irvin attended the Colorado NENA/APCO conference in Loveland this month and was able to meet and discuss issues with peers and vendors in the 9-1-1 community.

LEGAL COUNSEL REPORT

Mr. Tharp advised that the 9-1-1 related bills that had been put forth largely failed, were amended and then were pulled. It is likely that some will be run again next year. He advised that the FCC issued a further noticed of proposed rulemaking (NOPRM) for wireless emergency alerts (WEA). Mr. Tharp and Mr. Irvin will be attending a meeting tomorrow with other authorities that participated in filing comments last year in that proceeding to discuss filing additional comments.

NEW BUSINESS

Director Kraft-Tharp mentioned that she has received feedback from homeowner groups to whom she has distributed Lookout Alert information cards advising that they are very helpful, and they do make a difference.

EXECUTIVE SESSION

There was no executive session.

<u>ADJOURNMENT</u>

The meeting was adjourned by Director Clement.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and April 30, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

WES Special Projects Funds Match Expenditure Request - Radio Consoles

Good afternoon Jeff,

Westminster 911 respectfully requests the board's consideration for the attached special projects expenditure request.

Our current Airbus DS P25 radio system was installed in 2013 and typically would last 15 years. Our replacement budget was forecast and funded based on this information.

However, Motorola (which purchased Airbus DS in 2018) has announced that our radio system will be discontinued and support will end on 12/31/2023. This forces us to upgrade to a full Motorola system 5 years earlier than anticipated.

We find ourselves at a significant financial disadvantage due to the accelerated timeline. We are requesting a 50% funds match for radio consoles only, which have been quoted at \$449,685. The payment schedule is as follows:

Percentage	Due	Total	Anticipated timeframe	JCECA Portion (if approved)
25%	Upon completion of contract design review	\$112,421	Q3 or Q4 2023	\$56,210
60%	Upon shipment of equipment from Staging	269,811	Q1 or Q2 2024	134,905
10%	Upon installation of equipment	44,968	Q2 2024	22,484
5%	Upon project completion	22,484	Q2 or Q3 2024	11,242
100%		449,684		224,841

Thank you,

Lara

MINUTES OF THE JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY JUNE 22, 2023

The Jefferson County Emergency Communications Authority ("JCECA") Board of Directors met via a virtual Google Meet.

Present: Director Alan Fletcher

Director Tracy Kraft-Tharp

Director Mike Kulp Director John Prejzner Attorney Ryan Tharp

Excused: Director Mike Clement

Also, Present: Jeff Irvin, JCECA Executive Director

Maylee Baraza, Jefferson County Clerk to the Board Tracie Kaminski, Pinnacle Consulting Group, Inc. Mike Garcia, Pinnacle Consulting Group, Inc.

Monty Heffner, Broomfield PD

Timothy Ahopelto, Hinkle & Company, PC

Jeff Streeter, Jeffcom911 Jennifer Sandoval, Jeffcom911 Kinde Yetemegn, Jeffcom911

Director Fletcher called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Kulp, duly seconded by Director Kraft-Tharp and by unanimous vote, approved the Minutes of May 25, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 05/31/23 (copy attached). Ms. Kaminsky clarified that the 2022 figures in this report are "unaudited". Next month they will be presented as "audited" assuming the board accepts the audit to be presented by Mr. Ahopelto later in the meeting.

Ms. Kaminski reviewed the Statement of Revenues & Expenditures with Budgets on page two advising we have recognized revenue of \$6,253,696 with offsetting expenditures of just over \$7M. We are seeing some conservative cost savings at this time largely because of projects in the Special Projects line item that won't be completed this year. As of 05/31/23 the Authority has an ending fund balance of \$4,777,562 comprised of the capital and operating reserves.

The Board upon motion of Director Fletcher and duly seconded by Director Kraft-Tharp and by unanimous vote, approved the Treasurer's Report.

Ms. Kaminski then reviewed the Cash Encumbrance Report (copy attached).

Mr. Timothy Ahopelto then presented the 2022 audit financial statements (copy attached). Mr.

Ahopelto stated that it was "a fantastic audit" and praised Ms. Kaminski's assistance in providing the requested documentation.

The Board upon motion of Director Kulp and duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the 2022 Audit Report.

There was then a discussion of amending the 2023 budget and the 2024 budget process. Mr. Irvin displayed the .xls workbook he and Ms. Kaminski have been working with to weigh various ETC increase scenarios. Ms. Kaminski explained the anticipated payroll costs for the ECC's that were collected for use in the analysis along with anticipated costs for JCECA for administrative, Special Projects and other line items. It was agreed that the analysis would be refined, and that Mr. Irvin and Ms. Kaminski would continue the discussion at the July meeting.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for June 2023 (copy attached).

The Board upon motion of Director Kulp and duly seconded by Director Kraft-Tharp and by unanimous vote, approved the June 2023 expenditure requests in the amount of \$1,165,692.42.

ECC PARTNERS REPORT

The ECC (Emergency Communication Center) partners reported the following:

- **Broomfield ECC** Mr. Heffner reported they have one person who just completed training, two who should be completed in a few weeks, and a new person starting next Wednesday. They are still four people short. With overtime and temps and supervisors they have been able to muster through.
- **Jeffcom ECC** Mr. Streeter reported that that the hailstorm that hit Red Rocks last evening "blew this center up". He said he had little to report and thanked the board for their consideration regarding an ETC increase. He discussed the costs associated with operating an ECC, the need for expansion to provide quality services and the associated increasing payroll costs. He thanked the board for their continuing support.
- Westminster ECC no report.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – in April Mr. Irvin reported 166,639 opt-ins, today were at 171,867 for an increase of 5,228.

ETC Collections Automation – Mr. Irvin discussed a recent conversation with a vendor who we have looked at in the past regarding streamlining and automating the ETC collection process to reduce the amount of labor involved in reviewing monthly returns and reduce or eliminate lockbox costs. Mr. Tharp mentioned that he had discussed this with Daryl Branson, State 9-1-1 Program Manager, Colorado Department of Regulatory Agencies (DORA), who seemed interested in discussing a statewide solution given the success with the process they are using for collecting state surcharge funds.

LEGAL COUNSEL REPORT

Mr. Tharp advised that he and Mr. Irvin are working currently on a response to the FCC further notice of proposed rulemaking (NOPRM) for wireless emergency alerts (WEA) dealing with translation of messages and ways to prevent or limit a tendency to opt-out of alerts.

NEW BUSINESS

There was no new business.

EXECUTIVE SESSION

There was no executive session.

<u>ADJOURNMENT</u>

The meeting was adjourned by Director Fletcher.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and May 31, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

Board of Directors Jefferson County Emergency Communications Authority Lakewood, Colorado

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Jefferson County Emergency Communications Authority (the Authority) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as of December 31, 2022, and the changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent from the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Office Locations:
Colorado Springs, CO
Denver, CO
Tulsa, OK

Responsibilities of Management for the Financial Statements

The Authority's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Denver Office:
750 W. Hampden Avenue
Suite 400
Englewood,
Colorado 80110
TEL: 303.796.1000

FAX: 303.796.1001 www.HinkleCPAs.com

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Authority's internal control. Accordingly,
 no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis December 31, 2022

Introduction

This management discussion and analysis (this MD&A) is designed to provide an overview of the financial activities of the Jefferson County Emergency Communications Authority (JCECA) for the fiscal year ended December 31, 2022. The MD&A should be read in conjunction with JCECA's financial statements.

Financial Highlights

- Total assets of JCECA at the close of 2022 were \$12,326,459. The assets included \$5,453,819 in cash.
- Net Capital Assets for 2022 were \$5,148,658. This is a decrease of \$32,815 over 2021 due to depreciation. The Jefferson County Public Safety Fiber Optic Network (J-FON) owned and operated by JCECA is predominant component of the Capital Assets.
- Total Operating Revenue for 2022 was \$14,114,822. The source of this revenue is from the emergency telephone charge authorized under C.R.S. § 29-11-202 (the ETC) and the prepaid wireless E9-1-1 charge authorized under C.R.S. § 29-11-102.5 and from PUC Statewide 9-1-1 Trust reimbursements for costs associated with ESInet operation.
- Total amended budgeted expenses for 2022 were \$15,065,806. Actual expenses were \$14,320,912.
- JCECA made 2022 Agency Operating Fund (AOF) distributions of \$12,103,441 to the three supported Emergency Communication Center Public Safety Answering Points (ECC's/PSAP's) for personnel costs as permitted by statute for use of ETC revenue.
- Special Project and other expenses services include:
 - o GIS Support expenses associated with 9-1-1 call routing.
 - Emergency Notification System (ENS) expenses for citizen alerting.
 - Smart911 service that provides enhanced information to 9-1-1 call takers.
 - J-FON operation and maintenance.
 - Emergency Call Box operation and maintenance.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis introduce the JCECA's basic financial statements, which are comprised of Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, Statement of Cash Flows and Notes to Financial Statements. Additionally, there is a Budgetary Comparison Schedule.

Proprietary Fund Financial Statements

A fund is a group of accounts used to maintain control of services that have been set aside for specific activities or objectives. JCECA uses fund accounting to account for all financial activities and to ensure and demonstrate compliance with finance related legal requirements.

Management's Discussion and Analysis December 31, 2022

JCECA used only one fund for the 2022 fiscal budget year. It is a proprietary fund, and it is intended to account for all financial resources associated with the operating activities of JCECA. There were no capital funds, public utilities trust funds, personnel and benefits funds, or any other funds actively used during 2022.

Notes to Financial Statements

The notes provide details clarifying additional information necessary for a complete understanding of the data contained in the financial statements.

Financial Analysis

In 1983 the Jefferson County E9-1-1 Emergency Telephone Service Authority was created to assist in funding the operation of the emergency telephone service. The name of the Authority was subsequently changed to the Jefferson County Emergency Communications Authority (JCECA). The Intergovernmental Agreement includes participants from cities, towns, and special districts within Jefferson and Broomfield Counties, as well as Jefferson County government. JCECA collects revenue through a monthly emergency telephone charge (the ETC) for each non-governmental telephone (wireless, wireline, and VOIP). The monthly ETC rate for 2022 was \$1.30.

In 2022 ETC and prepaid wireless E9-1-1 charge funds were used to pay for operating costs directly related to emergency telephone service, costs for emergency telephone notification, for the monthly recurring ESInet charges billed by the service supplier for the emergency telephone service, and for other 9-1-1 related costs authorized under C.R.S. § 29-11-104(2). Additionally, JCECA received reimbursement from the State of Colorado Public Utilities Commission (PUC) 9-1-1 Trust for expenses related to the Lumen Tariff that provides Emergency Services IP Network (ESInet) services for 9-1-1 traffic handling.

Budgetary Highlights

JCECA approves a budget in December based on anticipated costs for the following year. The following summarizes significant budget to actual variances.

Actual revenue from Emergency Telephone Charges of \$13,347,121 was \$427,879 less than the anticipated budget amount of \$13,775,000.

Management's Discussion and Analysis December 31, 2022

Actual Agency Operating expenses of \$12,103,441 were \$3 less than the budgeted amount of \$12,103,444. After the 2021 audit the board chose to distribute additional unrestricted funds to the ECC's to defer additional statutorily permitted payroll costs. The budget was subsequently amended.

Special Project expenses of \$693,535 were \$721,667 less than the final budget of \$1,415,202 due to delays in completion of fiber optic and other projects.

Capital Assets

The capital assets of the JCECA are the fiber optic cable, associated appurtenances, and right-of-way licenses for the Jefferson County Public Safety Fiber Optic Network ("JFON"). These assets provide for high bandwidth, very low recurring cost connectivity for the Emergency Communication Centers (ECC's fka PSAP's) and associated local governments served by JCECA. Net capital assets were \$5,148,658. Depreciation expense of \$48,460 was reported for the depreciable (fiber optic infrastructure) assets.

Next year's budget

For 2023 the board will be discussing the continued distribution of funds to the ECC's for costs associated with the operation of the PSAP's. Additionally, there will be planning for:

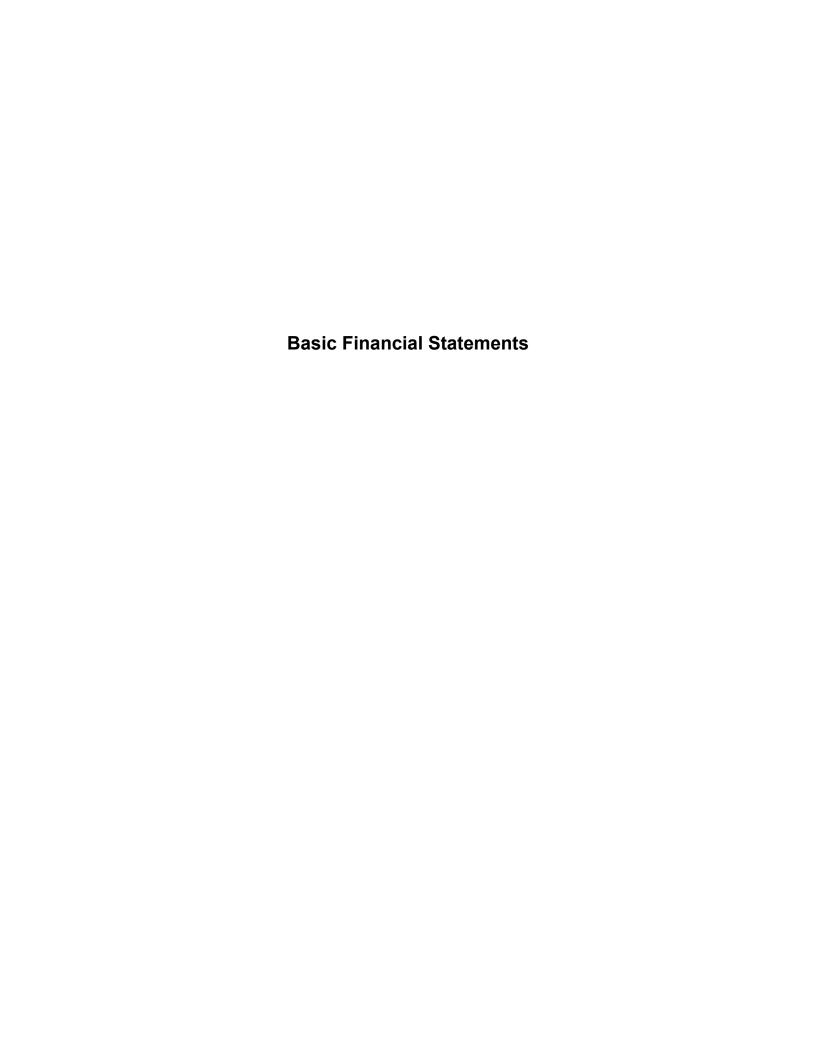

- Funding for additional collaboration with R-1 Schools to increase the J-FON network diversity and provide for last mile connectivity for agencies in the JCECA service area.
- Consideration of increasing AOF distributions to assist the ECC's with increasing payroll costs due to increased staffing and compensation to enhance retention.
- Consideration of future capital needs of the ECC's for facilities enhancement and expansion.

Notes to Financial Statements December 31, 2022

Note 1: Summary of Significant Accounting Policies

The Jefferson County Emergency Communications Authority (the Authority) was formed in October 1983. The Authority provides emergency telephone service in Jefferson and Broomfield Counties, Colorado, financed by fees assessed on telephones in the Counties.

The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The financial reporting entity consists of the Authority, organizations for which the Authority is financially accountable, and organizations that raise and hold economic resources for the direct benefit of the Authority. All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are part of the Authority. Legally separate organizations for which the Authority is financially accountable are considered part of the reporting entity. Financial accountability exists if the Authority appoints a voting majority of the organization's governing board and is able to impose its will on the organization, or if the organization has the potential to provide benefits to, or impose financial burdens on, the Authority.

Based on the application of this criteria, the Authority does not include additional organizations in its reporting entity.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Authority uses an enterprise fund to account for its operations. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where a fee is charged to external users for goods or services.

The financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for a specific purpose, the Authority uses restricted resources first, then unrestricted resources as they are needed.

Notes to Financial Statements December 31, 2022

Note 1: Summary of Significant Accounting Policies (Continued)

Assets, Liabilities and Net Position

Accounts Receivable - All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Prepaid Expenses - Certain payments to vendors reflect costs applicable to future years and are reported as prepaid expenses.

Capital Assets - Under an amendment to the intergovernmental agreement forming the Authority, effective January 1, 1998, the Authority transferred title and ownership of equipment purchased for the operation of emergency telephone service to the governmental entities that are parties to the agreement, if such equipment is located at, and operated by, the governmental entities.

The Authority capitalizes all assets with an original cost of \$5,000 or more, and a useful life of more than one year. Depreciation of capital assets is computed using the straight-line method over the following estimated useful lives of the assets.

Fiber Optic Network

5 - 20 years

Compensated Absences - The Authority's employees are allowed to accumulate unused leave time within limits specific to each employee. Upon separation of employment from the Authority, the employees will be compensated for unused leave time at each employee's pro rata salary. These compensated absences are recognized as a liability in the financial statements when earned.

Net Position - Net position is restricted when constraints placed on the use of resources are externally imposed.

Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Authority maintains commercial insurance for these risks of loss.

Subsequent Events

We have evaluated subsequent events though June 1, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements December 31, 2022

Note 2: Stewardship, Compliance and Accountability

Budgets

Budgets are required by State statutes and are adopted on a non-GAAP budgetary basis. Capital outlay is budgeted as an expense and depreciation is not budgeted. The Authority follows these procedures to establish the budgetary information reflected in the financial statements:

- Prior to October 15, management submits to the Board of Directors a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain citizen comments.
- Prior to December 31, the budget is legally adopted through passage of a resolution.
- Expenditures may not legally exceed appropriations. Revisions that alter total appropriations must be approved by the Board of Directors.
- All appropriations lapse at year end.

Note 3: Cash and Investments

Deposits

The Colorado Public Deposit Protection Act (PDPA) requires all local government entities to deposit cash in eligible public depositories. Eligibility is determined by State regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2022, the Authority had bank deposits of \$5,194,740 collateralized with securities held by the financial institution's agent but not in the Authority's name.

Investments

The Authority is required to comply with State statutes which specify investment instruments meeting defined rating, maturity, and concentration risk criteria in which local governments may invest, which include the following. State statutes do not address custodial risk.

- Obligations of the United States and certain U.S. Agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks

Notes to Financial Statements December 31, 2022

Note 3: Cash and Investments (Continued)

Investments (Continued)

- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

Interest Rate Risk - State statutes generally limit investments to an original maturity of five years unless the governing board authorizes the investment for a period in excess of five years.

Credit Risk - State statutes limit certain investments to those with specified ratings established by the nationally recognized statistical rating organizations, depending on the type of investment.

Concentration of Credit Risk - State statutes do not limit the amount the Authority may invest in a single issuer, except for corporate securities.

The Authority had no investments at December 31, 2022.

Note 4: Capital Assets

Capital asset activity for the year ended December 31, 2022, was as follows:

Notes to Financial Statements December 31, 2022

Note 5: Employee Compensated Absences

Changes in accrued compensated absences for the year ended December 31, 2022, were as follows:

	Balance			Balance
	12/31/21	Additions	Deletions	12/31/22
Compensated Absences	\$ 38,357	\$ 2,302	\$ _	\$ 40,659

Note 6: Retirement Commitments

The Authority has established a flexible 401(k) profit-sharing plan on behalf of its employees. The Authority will contribute a matching amount up to 10% of each participating employee's compensation, depending on the employee's contract terms. Employees become fully vested in all contributions immediately. The plan provisions and contribution requirements are established and may be amended by the Board of Directors. For the year ended December 31, 2022, the Authority contributed \$26,646 to the plan.

Note 7: Contingency

Colorado voters passed an amendment to the State Constitution, Article X, Section 20 (the Amendment), which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The Authority's management believes it is exempt from the provisions of the Amendment. However, the Amendment is complex and subject to interpretation. Many of its provisions may require judicial interpretation.

During the year ended December 31, 2020, the United States of America and the State of Colorado declared an emergency associated with the COVID-19 pandemic. Along with significant declines in financial markets, the public health emergency creates uncertain economic conditions. The Authority has adapted and made changes to operations due to potential impacts on the health and safety. Should these conditions persist, the Authority could be negatively impacted.

Note 8: Concentration of Risk

The Authority operates solely in Jefferson and Broomfield Counties including portions of the City of Arvada and the City of Westminster that are in Adams County, Colorado, and its only significant source of revenue is a surcharge on telephone service in that geographic region. A reduction in this revenue, if it were to occur, may have a significant effect on the Authority's activities.

Board of Directors Jefferson County Emergency Communications Authority Lakewood, Colorado

We have audited the financial statements of the Jefferson County Emergency Communications Authority (the Authority) as of and for the year ended December 31, 2022, and have issued our report thereon dated June 1, 2023, Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under Generally Accepted Auditing Standards

As communicated in our engagement letter dated December 28, 2022, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or the management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Authority solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We applied certain limited procedures to the required supplementary information (RSI). However, we did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Significant Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. A summary of the significant accounting policies adopted by the Authority is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We evaluated the key factors and assumptions used to develop significant estimates in determining that they are reasonable in relation to the financial statements as a whole.

Difficulties Encountered in Performing the Audit

We encountered no difficulties dealing with management during the audit process.

Corrected and Uncorrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. There were no uncorrected financial statement adjustments.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The attached schedule summarizes the corrected financial statement adjustments.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during our audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in a letter dated June 1, 2023.

Jefferson County Emergency Communications Authority **Board of Directors**

Management Consultations with Other Independent Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves the application of an accounting principle to the Authority's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to contact us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Conclusion

management of the Authority and is not intended to be, and should not be, used by anyone other This report is intended solely for the information and use of the Board of Directors than these specified parties.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Kulp, duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the Minutes of June 22, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 06/30/23 (copy attached). Ms. Kaminsky advised that so far JCECA has recognized just under \$7.5M in revenues helping to offset expenditures of just over \$8.3M. She stated that they have tightened up their projections a little bit, keeping the special projects budget fairly flat with the adopted budget. She further advised that they are seeing some cost savings with a projected ending fund balance of \$3,829,108. That is covering the capital reserve of \$750,000 and the operating reserve of just under \$4.2M of which about \$3M is fully funded based on their current projections.

The Board upon motion of Director Prejzner and duly seconded by Director Kulp and by unanimous vote, approved the Treasurer's Report.

Ms. Kaminski then reviewed the Cash Encumbrance Report (copy attached).

Mr. Streeter and Mr. Biegert presented a slide deck outlining upcoming projects to include acquisition of a building at 440 Indiana St and replacement of their CPE (customer premise equipment) system. There was a discussion regarding anticipated increased costs for JCECA when the SRBC (South Regional Backup Center) located at the West Metro Training Facility is transferred to 433 S Allison St after Jeffcom moves to the new building in possibly early Q1 of 2025.

Ms. Kaminski then presented a proforma workbook (copy attached) that provided various ETC (emergency telephone charge) rate projections. In response to a question from Director Kraft-Tharp as to the process for an ETC increase Mr. Tharp advised that if we don't set the rate above the currently enforced cap which is \$1.97, PUC approval is not required. The cap will increase this fall to he expects around \$2.10. To go above that rate we must file an application with the PUC and prove good cause. Director Kraft-Tharp expressed concern with raising the rate given current economic climate. Mr. Irvin displayed a worksheet showing the history of JCECA rate settings (copy attached). There was a discussion regarding the reaction of members of the public to past increases. Mr. Irvin advised that he received only one call from a citizen who noticed the last increase and was not objecting but inquiring as to what the charge was for.

Director Fletcher commented that as a board they need to decide what level of payroll coverage they want to shoot for. He didn't think that 100% was feasible but perhaps going up to 75%. If they decide that is the goal, then they can start working on a time frame to achieve that. Director Prejzner said that a goal of 75% is reasonable and attainable. He would support that approach. Director Clement expressed support knowing that the costs outlined by Mr. Streeter continue to increase and ETC increase will be necessary to support the agencies. Director Kulp stated he would be in favor of raising the ETC to 75%. Director Prejzner asked what amount of increase would be needed to get to the 75% figure. Ms. Kaminski advised an increase \$0.65 to \$1.95 would be needed. Director Preizner stated he supported raising the rate to the statewide average or median in 2024 with the goal of raising it to \$1.95 in 2025. Director Fletcher stated that he would agree with Director Preizner. Director Kraft-Tarp stated that she was not comfortable as she had stated at the last meeting and is concerned that an increase is tied to outcomes such as opt-ins. Director Fletcher summed up by stating that the 75% of figure appears to be a good workable number for the board. He said we now need to decide how we get there so the ECC's can budget and plan going forward. He requested Ms. Kaminski come back next month with revised figures to model how we might attain that 75%.

Mr. Irvin advised that he will be looking at projected costs for the relocated SRBC and JFON (Jefferson County Public Safety Fiber Optic Network) costs considering the affect the ETC rate setting will have on our capital reserve. He stated that his goal would be to possibly set a budget hearing for the September meeting assuming the board further discusses these matters and gives direction at the August meeting.

Mr. Brewer advised that Jeffcom has two studies currently underway indicating them that they are understaffed. Costs are increasing. If the ETC rate doesn't go up the costs will have to be funded by their partner agencies. The outcome of this would be decreased services in the partner agencies.

Mr. Irvin confirmed with Ms. Kaminski that, given the AOF distribution increases authorized for 2023, it did not appear that we will be able to recommend a post-audit increase in AOF distribution for 2023.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for July 2023 (copy attached).

The Board upon motion of Director Prejzner and duly seconded by Director Clement and by unanimous vote, <u>approved</u> the July 2023 expenditure requests in the amount of \$1,109,482.42.

ECC PARTNERS REPORT

Emergency Communication Center partners reported the following:

- **Broomfield ECC** Mr. Heffner advised Kristy O'Hare has left her employ as their Technical Services Manager. The interim manager is Jeff Thompson. Director Clement advised that they will be posting for that position withing the next week.
- **Jeffcom ECC** Mr. Streeter advised nothing further to report.
- Westminster ECC no report.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – Mr. Irvin reported that last month we were at 171,867 opt-ins, today were at 173,338 for an increase of 1,471 this month.

LEGAL COUNSEL REPORT

Mr. Tharp advised comments were filed with the FCC related to the WEA (Weather Emergency Alerts) proposed rulemaking regarding translation. He advised that the task force (Colorado PUC 9-1-1 Advisory Task Force) has been discussing finding a service provider to help collect 9-1-1 fees. It is very preliminary at this point and Mr. Irvin has been involved in those conversations. The group had discussed doing a RFI (Request for Information) to see what services providers might be interested, and what services they might provide.

NEW BUSINESS

There was no new business.

EXECUTIVE SESSION

There was no executive session.

ADJOURNMENT

The meeting was adjourned by Director Fletcher.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the Minutes of July 27, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 07/31/23 (copy attached). Ms. Kaminsky advised that JCECA has recognized \$8,383,450 in revenue so far which is helping to offset recognized expenditures of \$9,521,731. She stated that there was nothing out of the norm, trending within budget. They are cautiously recognizing some cost savings in the Special Projects line item. Currently, they are projecting to end the year with a fund balance of \$3,244,361.

The Board upon motion of Director Clement and duly seconded by Director Kraft-Tharp and by unanimous vote, <u>approved</u> the Treasurer's Report.

Ms. Kaminski then reviewed the Cash Encumbrance Report (copy attached).

Ms. Kaminski then presented the proforma workbook she has been building for the purpose of 2024 budget and ETC (emergency telephone charge) rate setting. There was a lengthy discussion regarding the setting of the ETC rate for 2024. Mr. Irvin recommended raising the ETC rate to the cap to be established by the PUC. At or below the cap the ETC rate does not require PUC approval. The board was unanimously supportive of increasing the ETC rate to the cap. The cap will be set by the PUC in November. Mr. Tharp advised that it is expected the cap will be set at \$2.05. Ms. Kaminski will present the 2024 proposed budget at the September meeting based on the \$2.05 rate.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for August 2023 (copy attached). Mr. Irvin reviewed request #2023-018 for radio firmware/software interoperability upgrades for the Town of Mountain View Police Department.

The Board upon motion of Director Fletcher and duly seconded by Director Prejzner and by unanimous vote, <u>approved</u> the August 2023 expenditure requests in the amount of \$1,122,264.98.

ECC PARTNERS REPORT

Emergency Communication Center partners reported the following:

- **Broomfield ECC** Mr. Heffner advised nothing to report.
- **Jeffcom ECC** Mr. Streeter thanked the board for their continued support. He advised they are starting an academy next Monday, 08/28/23 with nine entering their basic academy. This will keep them just above full staffing. They are progressing with a new building location and will report more next month.
- Westminster ECC Sara Gallegos advised nothing to report.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – Mr. Irvin reported that last month we were at 171,338 opt-ins, today were at 174,244 for an increase of 906 this month.

LEGAL COUNSEL REPORT

Mr. Tharp advised the PUC is engaged in a proceeding to increase the 911 fee (cap). A couple of weeks ago we filed comments with the FCC related to the WEA (Weather Emergency Alerts) proposed rulemaking regarding translation. We did not file reply comments but reviewed some of the other parties' reply comments and found them to be consistent with what we expected. Mr. Tharp then discussed Director Prejzner's resignation from the board. The board agreed to permit a Deputy Chief from Westminster PD (yet to be named) to continue as Director Prejzner's alternate until nominations are accepted for the BCC to consider an appointment when the term ends in September 2024. Mr. Irvin and the board thanked Director Prejzner for his service.

NEW BUSINESS

There was no new business.

EXECUTIVE SESSION

There was no executive session.

ADJOURNMENT

The meeting was adjourned by Director Fletcher.

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Kulp and by unanimous vote, <u>approved</u> the Minutes of August 24, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 08/31/23 (copy attached). Ms. Kaminsky advised that JCECA has recognized \$9,867,548 in revenue helping to offset total expenditures through August of \$10,735,200, showing and ending fund balance as of August 31st of just over \$4.7M. The ending fund balance is comprised of the capital reserve of \$750,000 and just shy of \$4M in an operating reserve which we shoot to have as 25% of our expenditures.

The Board upon motion of Director Fletcher and duly seconded by Director Clement and by

unanimous vote, <u>approved</u> the Treasurer's Report.

Ms. Kaminski then reviewed the proposed 2024 budget appearing in column (f) of the financial report noting that the column heading will be corrected to "proposed" rather than "adopted". The proposed budget is based on 80% collection of the \$2.05 ETC fee estimating revenue of \$18,153,278. Included are estimates for prepaid, PUC trust, interest, and miscellaneous income for total estimated revenues in 2024 of \$20,705,203 which will offset expenditures of \$18,153,801. She then reviewed the budget detail and notes appearing on page 3 of the financial report noting that the AOF distributions to the ECCs will increase by15% to a total of \$15,310,857.

Ms. Kaminski then reviewed the cash encumbrance report (attached).

EXPENDITURE REQUESTS

Mr. Irvin presented expenditure requests for September 2023 (copy attached).

The Board upon motion of Director Kulp and duly seconded by Director Clement and by unanimous vote, <u>approved</u> the September 2023 expenditure requests in the amount of \$1,109,482.42.

Mr. Irvin then advised the board that he discussed moving funds from BOK to COLOTRUST with Ms. Kaminski to take advantage of increased interest rates. \$2.6M was moved and is realizing interest income.

ECC PARTNERS REPORT

Emergency Communication Center partners reported the following:

- **Broomfield ECC** Mr. Heffner advised nothing to report.
- **Jeffcom ECC** Mr. Streeter advised nothing to report.
- Westminster ECC Ms. Gallegos advised nothing to report.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – Mr. Irvin reported that last month we were at 174,244 opt-ins, today we're at 175,100 for an increase of 856 this month. He went on to discuss a new add on product offering for RAVE Alert entitled Mobile Reach (copy of product brochure attached) that provides access to mobile phone contact data currently only available via citizen opt-in. They anticipate a thirty to fifty percent increase in mobile numbers in the system from data refreshed quarterly. Mr. Irvin will present an expenditure request next month for a one-year license to cost \$46K.

Mr. Irvin went on to discuss a local RAVE conference he attended this month in which he participated in a panel discussion for participants from nationwide local governments. The conference was very informative. Kevin Garcia of Jeffcom911 also participated and contributed greatly.

Mr. Irvin advised that next month he will be coming forward with an expenditure request for monies for completion of the JFON north loop fiber project.

LEGAL COUNSEL REPORT

Mr. Tharp advised that the PUC issued and opinion yesterday and set the 2024 threshold for the 911 (ETC) fee at \$2.05. This is the highest amount we can go to without filing an application with the PUC. He further advised the PUC proposed a rulemaking to address changes to the rules around when outages are reported. Mr. Irvin and Mr. Tharp have reviewed the proposed changes, and they look fine to them, they will continue to monitor the process and any comments that Lumen may file.

NEW BUSINESS

There was no new business.

EXECUTIVE SESSION

There was no executive session.

<u>ADJOURNMENT</u>

The meeting was adjourned by Director Fletcher.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and August 31, 2023.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. Mobile Reach

Powered by Rave Mobile Safety, a Motorola Solutions Company

Mobile Reach super-charges your existing landline data with mobile-phone contact data, which provides contacts for your community to be messaged during emergencies. Realize the value in being able to maximize your connections and reach the right people at the right times with Rave.

Opt-ins aren't always optimal. Though registration remains an important part of any community alerting solution, it can be difficult to drive adoption via opt-in. Mobile Reach can help ensure you are maximizing your reach and connection to as many community members as possible.

Expand the reach of your emergency alerts, beyond opt-in and included landline data

Maintain accurate contact information, with data updated quarterly

Location awareness for geotargeting community communications

MINUTES OF THE JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY OCTOBER 26, 2023

The Jefferson County Emergency Communications Authority ("JCECA") Board of Directors met via a virtual Google Meet.

Present: Director Alan Fletcher

Director Mike Clement
Director Mike Kulp
Director Dave Lester
Director Tracy Kraft-Tharp
Attorney Ryan Tharp

Also, Present: Jeff Irvin, JCECA Executive Director

Maylee Baraza, Jefferson County Clerk to the Board Tracie Kaminski, Pinnacle Consulting Group, Inc. Michael Garcia, Pinnacle Consulting Group, Inc.

Anthony Coraggio, Broomfield PD

Jeff Streeter, Jeffcom911 Michael Brewer, Jeffcom911 Gina Ramirez, Jeffcom911 Jennifer Sandoval, Jeffcom911 Kevin Biegert, Jeffcom911

Lara Mitchell, Westminster PD/FD

Director Fletcher called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Kulp and by unanimous vote, <u>approved</u> the Minutes of September 28, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 09/30/23 (copy attached). Ms. Kaminsky advised that through September 30th JCECA has recognized \$10,807,437 in revenue helping to offset total expenditures recognized of \$12,122,229. She advised that as can be seen in the projected column we are trending slightly under budget from an expenditure perspective and slightly over budget from a revenue perspective which is a good place to end the year with an expected ending fund balance of \$3,336,786.

The Board upon motion of Director Kraft-Tharp and duly seconded by Director Clement and by unanimous vote, approved the Treasurer's Report.

Ms. Kaminski then reviewed the September 30th cash encumbrance report (attached).

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for October 2023 (copy attached).

The Board upon motion of Director Kulp and duly seconded by Director Clement and by unanimous vote, <u>approved</u> the October 2023 expenditure requests in the amount of \$1,399,071.42.

Director Fletcher proposed that the next meeting be held on November 30 to not conflict with the Thanksgiving holiday. The public hearing for the 2024 budget adoption will, also, be held on that date. The board agreed on that date agreed to not hold a December meeting unless something arises that requires a meeting.

ECC PARTNERS REPORT

Emergency Communication Center partners reported the following:

- **Broomfield ECC** Mr. Coraggio advised that Broomfield "is in a good place" and he is taking over for Monty Heffner and will be attending future meetings.
- **Jeffcom ECC** Mr. Streeter advised Jeffcom is in a good place as well. He discussed the formal request by Clear Creek County for Jeffcom to provide dispatch emergency communication services for all agencies in their county. It has been in the media and the Jeffcom board has it under review, no decisions have been made. Construction on the new building has not begun. There are tenants in the building that will be out at the end of the month. They are working with architects and the construction work will commence soon. Jeffcom is fully staffed, with a lot of training on the floor. They are in the hiring process and taking applications in anticipation of an academy in January. The application numbers are "through the roof". The budget was approved by the Jeffcom board last week, so they are "driving right into 2024".
- Westminster ECC Ms. Mitchell congratulated Mr. Streeter on their staffing level. She advised they (WES) are better staffed than they were at this time last year. On Tuesday their phones went fully down in the morning along with Broomfield and Douglas County. ConvergeOne reported it was due to a Lumen circuit issue. She has not received an after-action report yet. Last night at about 2130 the power went out at the PD taking CAD and phones down. It came backup up about 0530 this morning. They are still working to determine the reason for the outage, and she is waiting for the after-action report. Mr. Streeter advised that there was a large area outage last evening and Jeffcom lost power as well. The generators kicked in and they did not lose CAD or phones.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – Mr. Irvin reported that last month we reported 175,100 opt-ins, today we're at 175,892 for an increase of 792 this month. We continue to increase each month though this is the time of year when opt-ins tend to slow down. He is hopeful that the RAVE Mobile Reach license approved in the expenditure requests today will result in a substantial increase in mobile numbers in the system.

LEGAL COUNSEL REPORT

Mr. Tharp advised there has been further discussion with Lumen regarding their network improvement plan and what they want to do with using some of the funding from the statewide 911 fee to improve their network. We've had a few meetings and continue to monitor. They are looking at areas of the state where there is a major lack of network diversity. Lumen did file an amendment to their tariff, and he will discuss this with Mr. Irvin to determine if we need to intervene. Mr. Irvin explained that the amendment deals with issues around outage reporting.

NEW BUSINESS

There was no new business.

EXECUTIVE SESSION

Executive Session pursuant to §24-6-402(4)(f)(I), C.R.S., for personnel matters regarding the Executive Director annual performance review.

The board reconvened after the executive session. Director Fletcher motioned for six percent salary increase for Executive Director Irvin. The motion was duly seconded by Director Kraft-Tharp and by unanimous vote, the board <u>approved the salary increase</u>.

Director Fletcher thanked Mr. Irvin for his work in 2023 and said he looked forward to working together in 2024.

ADJOURNMENT

Director Fletcher reiterated that the next meeting will be on November 30th. The meeting was adjourned by Director Fletcher.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and September 30, 2023.

We have also prepared the accompanying proposed budgets of revenues, expenditures and funds available prepared on the modified accrual basis of Jefferson County Emergency Communications Authority for the year ending December 31, 2024.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.

Director Mike Clement
Director Mike Kulp
Director Dave Lester
Director Tracy Kraft-Tharp
Attorney Ryan Tharp

Also, Present: Jeff Irvin, JCECA Executive Director

Maylee Baraza, Jefferson County Clerk to the Board Tracie Kaminski, Pinnacle Consulting Group, Inc. Michael Garcia, Pinnacle Consulting Group, Inc.

Anthony Coraggio, Broomfield PD Mark Goodell, Broomfield PD Jeff Streeter, Jeffcom911 Michael Brewer, Jeffcom911 Kinde Yetemgn, Jeffcom911 Jennifer Sandoval, Jeffcom911 Kevin Biegert, Jeffcom911

Lara Mitchell, Westminster PD/FD Sara Gallegos, Westminster PD/FD

Director Fletcher called the meeting to order.

PUBLIC COMMENT

There was no public comment.

APPROVAL OF THE MINUTES

The Board upon motion of Director Fletcher, duly seconded by Director Kulp and by unanimous vote, approved the Minutes of October 26, 2023.

TREASURER'S REPORT

Tracie Kaminski, Pinnacle Consulting Group, Inc. (PCGI), presented the financial statements for the month ending 10/31/23 (copy attached). Ms. Kaminsky advised that through October 31st JCECA has recognized revenue of just over \$12M to support total expenditures of \$13,487,584 leaving an ending fund balance of \$4,140,628. From a projection standpoint we are coming in slightly over budget on revenues at \$14.337M as opposed to the original \$14.330M. Expenditures are trending slightly under the budgeted \$16.9M; we are projecting just under \$16.8M ending 2023. This is in alignment with how we thought the year would go lowering some special project projections conservatively that we don't believe will come to fruition in 2023.

The Board upon motion of Director Lester and duly seconded by Director Clement and by unanimous vote, approved the Treasurer's Report.

Ms. Kaminski then reviewed the October 31st cash encumbrance report (attached).

BUDGET HEARING

Director Fletcher opened the 2024 budget hearing for public comment. There was no public comment.

Ms. Kaminski reviewed the 2024 proposed budget (see attached copy of the October 31st financial statements). She advised we are proposing the emergency telephone charge (ETC) be increased to \$2.05 estimating 80% collection in 2024 with full collection starting in 2025. Total revenues for 2024 are budgeted at \$20,705,203 helping to support expenditures of 18,153,801. As discussed previously with the board we are factoring in those steady 10% AOF distribution increases year over year until we hit the payroll support level outlined by the board earlier.

The Board upon motion of Director Kulp, duly seconded by Director Lester and by unanimous vote, adopted the 2024 budget.

Director Fletcher then closed the budget hearing.

The Board upon motion of Director Fletcher, duly seconded by Director Lester and by unanimous vote, increased the ETC rate to \$2.05 for 2024.

EXPENDITURE REQUESTS

Mr. Irvin presented the expenditure requests for November 2023 (copy attached).

The Board upon motion of Director Kulp and duly seconded by Director Clement and by unanimous vote, <u>approved</u> the November 2023 expenditure requests in the amount of \$1,513,859.99.

ECC PARTNERS REPORT

Emergency Communication Center partners reported the following:

- **Broomfield ECC** Mr. Coraggio advised that Broomfield in a hiring process now for one person. After that they will be up to staff with two in training. They are hiring a manager who is now in backgrounds and will hopefully be onboard by February 1^{st.}
- **Jeffcom ECC** Mr. Streeter advised Jeffcom is 100% staffed. They continue to take applications in the process to start an academy January 15th. They just completed a technology study and are completing a cultural study through which they will learn more about what their authorized strength should be. The staffing level for emergency communication specialists (ECSs) was set back in 2016. They now have 118 but feel that is lacking. A lot is going on with the new building. Mr. Irvin will be meeting him at the building this afternoon. The JFON fiber installation started yesterday putting them ahead of schedule. Architectural design is going forward. They're hoping to start construction after the first of the year, targeting completion in the latter half of 2024 but they are starting to see some supply chain issues. At the November 16th board meeting Clear Creek county presented a formal request for Jeffcom to take over services. The

- board granted the request. February 21st they will be taking over dispatch services for six agencies in Clear Creek county. The call load is relatively minimal and will not have a big impact.
- **Westminster ECC** Ms. Mitchell advised they have one in backgrounds and will be opening a supervisor position in January. Their CAD to CAD system that has been up for most of the year has been incredible; the collaboration with the north area agencies has been super valuable to them.

EXECUTIVE DIRECTOR'S REPORT

Lookout Alert – Mr. Irvin reported that last month we reported 175,892 opt-ins, today we're at 177,079 for an increase of 1,187 this month. As a result of implementation of the RAVE Mobile Reach add-on we now have a report of "All Loaded Public Data Emergency Use" that indicates we now have access to 437,673 mobile numbers for our service area.

Automation of Revenue Collection – Mr. Irvin has discussed this with PCGI and others, continuing to look for a cost-effective solution.

TSP List for Notice Mailings – Mr. Irvin advised he spent considerable time this last month working on updating the list of telephone service providers (TSP's) who are currently remitting, updating addresses for the ETC increase notice mailings that Mr. Tharp's office will complete.

LEGAL COUNSEL REPORT

Mr. Tharp advised they will be preparing to send out the ETC increase notices. They intervened in the CenturyLink tariff proceeding that they implemented a couple of weeks ago to "be at the table" during the proceedings. He is waiting for the PUC to rule on the motion for intervention.

NEW BUSINESS

There was no new business.

Director reminded everyone there will be no meeting in December. The next meeting will be on January 25, 2024.

<u>ADJOURNMENT</u>

Director Fletcher reiterated that the next meeting will be on November 30th. The meeting was adjourned by Director Fletcher.

Management Financial Statements

BOARD OF DIRECTORS JEFFERSON COUNTY EMERGENCY COMMUNICATIONS AUTHORITY

We have prepared the accompanying management financial statements for the periods ending as of December 31, 2022 and October 31, 2023. We have also prepared the accompanying 2024 proposed budgets of revenues, expenditures and funds available prepared on the modified accrual basis.

These financial statements are designed for management purposes and are intended for those who are knowledgeable about these matters. We have not audited, reviewed or compiled the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America. Substantially all the disclosures required by accounting principles generally accepted in the United States of America have been omitted. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the financial position and results of operations.
